PIRATES CALLS TRAYNOR
FROM BIRMINGHAM CLUB

MEMPHIS, Tenn., Aug. 29.—The Birmingham club now close on the heels of New Orleans in the fight for runner up position in the Southern Association pennant race will be without the services of Harold Traynor, shortstop, and Sumpter Clarke, utility man, for the remainder of the season.

Traynor has been recalled by the Pittsburgh Nationals to aid the Pirates in their race for the National league pennant. Clarke was suspended for the rest of the season as a result of a clash with Manager Molesworth of the Birmingham team during yesterday's game when Clarke is alleged to have attacked the Baron manager when he was taken to task for not running out a grounder which hit in front of the plate. Manager Molesworth was advised another player, Krehmeyer, was en route from Pittsburgh to replace Traynor.

COTTON MARKET
SHOWS ACTIVITY

All Months Making New High Record for the Season and Movement.

NEW YORK, Aug. 29.—The cotton market showed continuous strength and activity today with all months making new high records for the season and movement. December contracts sold up to 16.48 or 50 points above the closing price of Saturday and after reacting to 16.10 recovered the greater part of the loss, closing at 16.32, compared with the previous close of 15.98. The general market closed excited and irregular at a net advance of 32 to 46 points.

The opening was steady at a decline of 12 points to an advance of 3 points, near months being relatively easy owing to disappointing Liverpool futures and reports of better weather in the southwest. Buying power seemed to develop during the progress of the call, however, and the general list figured up right after the opening on a further broadening of commission house demand combined with trade buying. After showing net advance of some 30 to 35 points, the market closed off under continued realizing and hedge selling, but the offerings were absorbed on reactions of 20 or 25 points and the mid-day market sold 45 to 50 points above Saturday's closing figures, touching 16.10 for October and 16.50 for January. The demand seemed to slacken at these figures and there were reports of increased hedge selling by the south which promoted local selling for a reaction and more active realizing. Reactions of 35 to 38 points followed but the market firmed up again in the last half hour on a renewal of the buying movement and covering by early sellers. Late fluctuations were extremely irregular but the close was within 10 or 18 points of the best on the active positions. Three more private crop reports were issued, one making the condition 55.5 and the indicated crop 7,591,000, with another placing the condition at 53 and the indicated crop at 7,325,000, while the third made the condition 50.3 and the crop 7,175,000. The private condition figures so far issued averaged 51.9 and the crop indications 7,359,000 bales. Manchester reported a quiet market for both yarns and cloths.

Housework Is a Burden

Woman's lot is a weary one at best. But with backache and other distressing kidney ills life indeed becomes a burden. Doan's Kidney Pills have made life brighter for many Pensacola women. Read what Mrs. John Campbell, 302 DeVillier St., Pensacola, says: "A case of backache bothered me, coming on without apparent cause. When I stepped my back gave out, making it hard for me to do my housework. When I sat down for awhile I got stiff across my back and had to help myself up from the chair. I began using Doan's Kidney Pills and six boxes of them brought me permanent relief and strengthened my back and kidneys."

OVER FOUR YEARS LATER, Mrs. Campbell said: "Doan's Kidney Pills cured me of weak aching back and kidney trouble and the cure has lasted."
